

The Boy Comes Home

Brian Pickell

The sheet music for this has the following note;

When our son Martin was less than two years old, he had abdominal surgery. Any parent will understand how desperately happy we were on his return home.

We have a number of other tunes by Brian Pickell in our binders (Tam Kierney, Muriel's waltz, Sourgrass and Granite, Waiting for Emilie). No doubt Marcia has a copy of the book of music Brian produced to go with his "Fresh Canadian Fiddle Tunes" CD.

Played in a set: The Boy Comes Home/Tam Kierney/Twelfth Night Singing.
